

Over **50**
Years of
Commitment
to
Quality and
Service

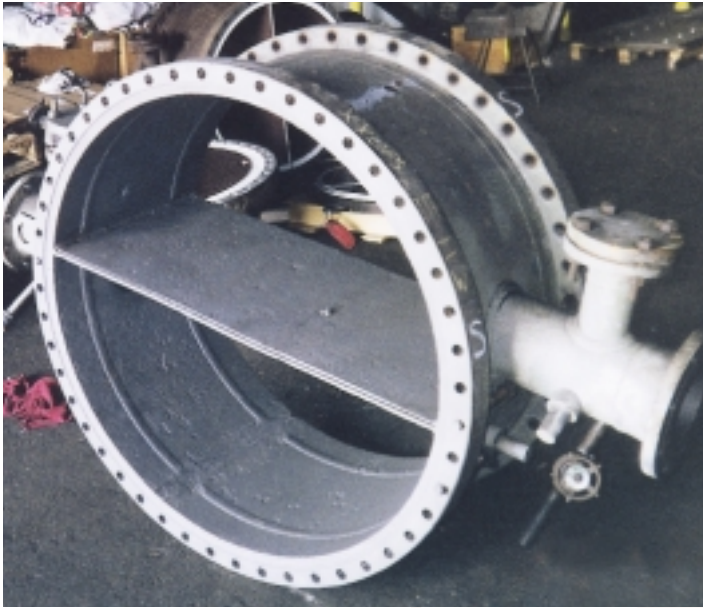

**Wm. A. Schmidt
and Vector
Join Forces to
Provide
Full-Service
Solutions**

Wm A. Schmidt and Sons has created a unique organization dedicated to meeting or exceeding our customers' expectations. Consistent quality and quick response are joined to create extraordinary solutions in metal fabrication.

In today's changing economy, preserving your capital plant, equipment and resources are more important than ever.

To meet this need, Schmidt has forged an alliance with Vector Environmental Systems, providing the Superior® range of high performance, Novolac epoxy coatings. Vector not only brings the same commitment to excellence, but also has over 30 years of combined experience in coating systems to rehabilitate and protect equipment against erosion, corrosion and abrasion.

- ◆ Rebuilding of damaged, worn or eroded equipment
- ◆ Protection against further attack
- ◆ Maintenance reduction programs
- ◆ Service life extension programs
